

Fuel Surcharge Application for shipments moving via ground linehaul transportation: A fuel surcharge of 5.5% will be assessed if the Department of Energy's (DOE) Energy Information Administration index indicates the average cost of diesel fuel nationwide being \$1.1599 per gallon or below. Fuel surcharge amounts are exclusive of any minimum or flat rate lane segment pricing rates, and will be indicated as a separate line item on the billing invoice. If the DOE index indicates the average nationwide diesel fuel price being above \$1.1599/gallon, the additional fuel surcharge will be assessed as follows:

Notes: If the DOE diesel fuel index exceeds \$6.96/gallon, an additional one percent (1.0%) will be added to the 63.50% fuel surcharge rate in increments of \$.0499/gallon. Changes in the fuel surcharge amount will be effective each Tuesday, based on the last week's average as taken from the DOE weekly national fuel index (updates from the DOE occur each Monday, excluding legal holidays which fall on a Monday). Verification of the DOE fuel index average can be obtained by calling the DOE fuel index hotline of 202-586-6966.
