

Fuel Surcharge Application for shipments moving via air cargo transportation: A fuel surcharge of 2.5% will be assessed if the Department of Energy's (DOE) Energy Information Administration index indicates the average cost of kerosene jet fuel for U.S. Gulf Coast spot pricing is \$.60 per gallon or below. If the DOE index indicates the average U.S. Gulf Coast kerosene jet fuel cost exceeds \$.60/gallon, the additional fuel surcharge will be assessed as follows:

From – to	Rate	From – to	Rate	From – to	Rate
\$0.60 - \$0.6399/gallon	3.0%	\$2.16 - \$2.1999/gallon	22.5%	\$3.72 - \$3.7599/gallon	42.0%

\$2.12 - \$2.1599/gallon	22.0%	\$3.68 - \$3.7199/gallon	41.5%	\$5.24/gallon and above	See below

If the DOE kerosene jet fuel index exceeds \$5.24/gallon, an additional 1.0% (one percent) will be added to the 63.5% fuel surcharge rate in increments of \$.0399/gallon. Fuel surcharge amounts are in addition to the published base door-to-door rate, including any service upgrade surcharge or additional charge for service to Alaska, Hawaii and Puerto Rico. Accessorial fees, including special pick-up/special delivery surcharges and other ancillary fees are exempt from the fuel surcharge application. The fuel surcharge will be indicated as a separate line item on the billing invoice.

For International shipments, the fuel surcharge amount will be assessed by airline cost only; the above % fuel surcharge table amounts will not apply. The fuel surcharge will be assessed as a rate per kilo item based only on the basic airport-to-airport, door-to-airport, or door-to-door transportation charge (no accessorial fees included), and will be indicated as a separate line item on the billing invoice.

Notes: Changes in the fuel surcharge amount will be effective each Tuesday, based on the average of the preceding week as taken from the DOE weekly U.S. Gulf Coast kerosene jet fuel index (updates from the DOE occur each Monday, excluding legal holidays which fall on a Monday). Verification of these fuel index averages can be obtained through the DOE Internet website of www.eia.doe.gov.
